Description

LAZIO – VITERBO – CANINO

ARABLE LAND WITH OLIVE TREES AND SMALL HOUSE

In the quiet Maremma Laziale, just minutes from the Terme di Vulci spa, we offer for sale an attractive irrigated agricultural land of approximately 5,400 m², with an agricultural annex of approximately 75 m² and a 25 m² shed.

The property stands out for its strategic location and its particular agricultural vocation: the land, completely flat and easily exploitable, is currently enriched by approximately 30 olive trees and 45 fruit trees, as well as offering an ideal conformation for various types of cultivation.

Irrigation is guaranteed both by the Consortium's water supply and by the presence of a well approximately 50 meters deep, elements that make the property particularly attractive for those wishing to start or develop an agricultural business.

The property is currently without electricity, but the service can be reactivated.

The land is completely fenced, with a 15 cm-deep underground fence, and closed by an iron gate, ensuring convenience and security. Its location along the provincial road also ensures easy access to the property.

The property includes an agricultural annex of approximately 75 sq m of commercial space, as well as a shed of approximately 25 sq m, ideal as a shelter and storage space for equipment, agricultural vehicles, and materials.

The location is a further strong point: the property is located approximately 10 km from the Terme di Vulci, 25 km from Lake Bolsena and the Lazio coast, and approximately 30 km from the border with Tuscany and its renowned seaside resorts.

An ideal solution for those seeking productive, easily accessible agricultural land with significant water resources, but also for those looking to invest in a property surrounded by nature, in an area of great tourist interest between Maremma Laziale, Tuscia, and Tuscany.
