CHARACTERISTICS OF THE AREA
Via Carlo Osma is located in one of Milan's most sought-after residential areas, characterized by elegant modern buildings and large green spaces. The area is well served by public transportation: tram stops (lines 3 and 15) and several bus lines are nearby, providing quick access to the city center and the main train stations. Furthermore, the M1 Lampugnano and QT8 metro stops are just minutes away, providing quick access to the city center and the main universities.

The area is also strategically located for those traveling by car, thanks to its proximity to the Western Ring Road and major arterial roads. Schools, supermarkets, sports centers, and well-equipped green spaces are nearby, ideal for families and those seeking a quiet setting without sacrificing the convenience of amenities. The presence of offices and commercial businesses also makes the area particularly attractive as an investment opportunity.
