Description

Camaione – Orbicciano

History has its charm, and in this case leaves little room for words. Surrounded by greenery, a short distance from the beaches of Versilia, this mill from the second half of the 18th century takes us back in time.

Completely restored while preserving its originality.

Exterior in exposed stone treated with portions of plaster, original terracotta floors, restored fixtures maintaining the original historical closure. The bottaccio, the tanks and all the machinery of the time are still present and excellently maintained, the wheel has been rebuilt according to historical accuracy.

Two bedrooms, bathroom with shower, kitchen and living room with a working fireplace of great impact.

Equipped outdoor area and private garden of 7000 m2.

A dive into the past half an hour from Versilia.
