Description

An elegant country residence between Umbria and Tuscany, where history, comfort, and privacy meet in one of the most exclusive settings in Central Italy.

PROPERTY DESCRIPTION

There are beautiful houses and there are houses that tell a story, this property belongs to the latter category.

Purchased over forty years ago by the current owner, this splendid farmhouse has been brought back to life with passion and meticulous attention to detail. The renovation has preserved the original charm of Umbrian tradition while integrating every modern comfort. For over forty years, this has been a true family home, lived in and improved over time. Every renovation has been meticulously crafted, rendering the property authentic, elegant, and functional. With a total floor area of 478 square meters and 4,000 square meters of fully fenced land, the farmhouse represents the perfect balance of historic charm, comfort, and privacy.

INTERIOR SPACES

The farmhouse comprises 19 rooms with bright and welcoming spaces, characterised by wooden beams, terracotta floors and original details.

It comprises four bedrooms, three master bathrooms, two half bathrooms, two kitchens, elegant living and dining rooms, as well as a splendid veranda that is perfectly integrated with the house.

OUTDOOR SPACES

The garden of approximately 4,000 m2 is completely fenced and equipped with an irrigation and lighting system.

The 6x12-meter panoramic swimming pool is the centerpiece of the outdoor space, complete with a bathroom with shower. THE ADVANTAGES OF PROPERTY

The property is located in one of the most prestigious areas between Umbria and Tuscany, with a splendid view of the Castello di Reschio, today one of the most exclusive luxury relais in Europe.

The house is completely independent. It was originally part of an ancient rural hamlet, now divided into just two separate properties. The other house is located across a dirt road, and thanks to the orientation of the buildings, there are no direct views or interference, ensuring maximum privacy. The presence of a single neighbor represents an added value in terms of security and tranquility, especially for those who use the house as a second residence.

USE AND POTENTIAL

Perfect as a private residence, second home, or investment, this property is particularly suitable for multiple families thanks to its layout and the presence of independent rooms that allow for privacy. In recent years, it has been rented out during the summer season with excellent results, proving highly sought-after by an international clientele seeking an exclusive villa with a pool and privacy.
